

Photos & report by Andreas Reuter

The highlight of this show season was the VDT show in Leipzig, Germany where there were 32.500 pigeons presented this year. All breeders, visitor, guests and of course our birds found optimal conditions in the show halls. I remain confident that everybody in attendance enjoyed their time in Leipzig, observing this year's pigeons entries in such high quality. Each year we enjoy talking and interacting with old and new friends within our fantastic hobby. We're proud of the fact that Leipzig is in fact the "Mecca" capital of the pigeon hobby worldwide. In the following photos, you can see the best Saxon Fullheads, Saxon Swallows and Saxon Shields. A special thank you to our judges Axel Nestler, Werner Zahn and Wendelin Heidrich as they evaluated about 200 Saxon pigeons in Leipzig. Here in Saxony was at the same time a dress rehearsal for the upcoming Europe Show next year. In December 2012, we're extending a warm welcome to breeders and guests from all over the world. We're making plans to host approximately 80.000 poultries at this great event next year. The "2012 Leipzig Show" promises to be another great success story for Europe! We would like to wish all the breeders in Europe and other continents have a great breeding season and we are looking forward to seeing you And your entries in Leipzig. **"Just in Leipzig you can get the award for the Europe Champion"**
